Science Education Internship

Position Overview:

Obtain some stellar hands-on science teaching experience with the Living Arts and Science Center's science department! We are seeking science education interns that will teach, assist in designing curriculum, learn about classroom management, and assist with general programming needs. The Science Education intern will assist with field trips, maintain science exhibits, and work with staff to create unique learning experiences in the sciences. Candidates must have either prior education experience or be working towards a degree in science and/or education.

In addition to these duties, the Science Education Interns will have an opportunity to work with other staff members relating to programming, education, and development. The Science Education intern will gain a good understanding of how non-profits work. Other tasks might include working at various events (when available), coordinating mass mailings, assisting with the distribution of flyers and brochures to promote events, and general office assistance (answering phones, making copies, etc.).

Qualifications:

- Must currently be 18 or older and enrolled in a higher education program
- Must pass a simple background check
- Interns must be able to work independently and with others.
- Excellent communication skills, both oral and written, are essential.
- Ability to see a project from the beginning to end and to meet deadlines is critical
- Capacity to work with multiple age-groups

About the LASC:

The Living Arts & Science Center (LASC) is a not-for-profit organization providing creative and unique opportunities in the arts and sciences for children and adults. Founded in 1968, the LASC now serves over 40,000 individuals annually through art and science exhibits, classes, workshops, and community programs. The LASC provides programs and services in our own facility as well as in schools, social service agencies, community centers, libraries and at community events. Stop in and see why the Living Arts & Science Center is...the place where creativity grows!

You can apply for our internships through the Handshake portal or resume and cover letter submission to volunteer@lasclex.org. If you have any questions, please don't hesitate to contact us via email or phone at 859-252-5222

****Applications for Spring 2020 opens September 15th and close November 15th, 2019 at 5:00 pm****
