

# WE'RE HERE TO SUPPORT YOU!

## VIRTUAL OPPORTUNITIES

*the place where creativity grows*

### VIRTUAL OUTREACHES

---

Registration opens September 14th  
*Limited slots available.*

Starting the school year virtually is challenging, but we are here to help support you and your students!

### VIRTUAL FIELD TRIPS

---

Bring one of our uniquely trained and experienced educators to your student's classroom VIRTUALLY, or work directly with our staff to create and facilitate companion activities to their lessons.

### CLASSROOM SUPPORT

---

Want more information on how the LASC can support you and your students? See a full list of educational offerings at [lasclex.org](http://lasclex.org).

---

Classroom Support: K-12th

LASC teaching artists can create companion crafts and lessons to enhance what is happening in your classroom. Staff are also available for live artist conversations and can connect you with amazing STEAM professionals for live Q&A sessions.

"The Living Think": K-12th

LASC has unveiled a new YouTube channel called "The Living Think". There you will find free video resources and lesson plans that align with state standards and NGGS. Bring these fun characters into your class virtually with any of the above outreaches.

---

Virtual Field Trips: 3rd-12th

Join the Living Arts & Science Center teaching artists, as they take you on a tour of the world around us. Meet STEAM professionals, see behind the scenes tours of unique facilities, and ask your burning questions live!
