DIA DE LOS MUERTOS/DAY OF THE DEAD 2021: SCULPTURE AND 2D ART WORK

SEPTEMBER 7TH – NOVEMBER 5TH, 2021
Day of the Dead Exhibition 2021

The LASC’s annual Day of the Dead Exhibition brings together the rich visual traditions of this holiday that celebrates the memories of family, friends and other public figures. Presented in conjunction with our Day of the Dead Festival (Saturday, October 23rd, 2021), this exhibition generally features artists of Latinx heritage or artists that make work in response to the Mexican celebration Dia de los Muertos.
For this year’s Day of the Dead exhibition, the Living Arts and Science Center did a regional artist call for sculptural and 2D art work created to the theme of the Latin American holiday Day of the Dead. Selected art will be on display leading up to the LASC’s Day of the Dead Festival on Saturday, October 23rd from 1:00 PM to 5:00 PM. The exhibition will be presented September 7th through November 5th, 2021 in the LASC’s Glo Gallery.
